EMTA Grayling Meeting Seeks Area Expansion

GRAYLING — Expansion of regional and local tourist promotion programs for eastern Michigan highlighted a meeting of community chambers of commerce and East Michigan Tourist Association officials November 5 at Grayling. Action was taken by the group of twenty community representatives to expand the use of travel shows as a method to promote vacation travel to eastern Michigan's "Playtime Country". The EMTA will coordinate the program this coming winter and spring by contracting for multiple units of exhibit booth space at travel shows in Toledo and Cincinnati. Communities will participate by taking full or partial booth space in the EMTA section of each travel show. The expanded use of travel shows will complement the program of the Michigan Tourist Council which will exhibit at travel shows in Cleveland, Detroit and Chicago in early 1965. "EMTA manager James Hall stated.

Veteran travel show exhibitor Harry Collins, of Gaylord, told the group, "Travel shows are in an important promotional method which offers personal contact with prospective vacationers and we must do all we can to interest as many communities as possible to participate with the EMTA in order to meet the increasing competition from other states and Canada." Collins is manager of the Otsego County Chamber of Commerce.

Eleven communities have already expressed interest in the new program. They include Gaylord, Grayling, Houghton Lake, St. Helen, Higgins Lake, Roscommon, Hillsdale, Clare, Mackinaw City, Cheboygan, Indian River and Alpena. All participating communities are active members of the EMTA.

Information on community chamber of commerce participation in the 1965 travel shows is available by writing the EMTA Log Office, Bay City, Michigan.

HOSPITAL NEEDS REVIEWED

Consultant Firm Sees Need For Bed Additions At Mercy

The James A. Hamilton Associates, Hospital Consultants, have presented a written report of their role and program study of Mercy Hospital.

The study included:

1. A review of the hospital needs for the area served by Mercy Hospital.

2. A definition of the role and programs of the hospital in accordance with the needs of the area.

3. A statement of programs of patient services, appropriate to achieve the above role.

4. A brief review of the existing physical plant, space utilization, and appraisal of the most logical way to effect future hospital expansion.

Mercy Hospital today provides acute care facilities for medicine, surgery, obstetrics and pediatrics. The hospital operates 50 beds, of which 38 are assigned to medical-surgical, eight to obstetrics, and four to pediatrics.

During the past six years overall patient care activities at Mercy Hospital have substantially increased. The resulting work load placed on all hospital departments also reflects the fact that the hospital has been providing care to a greater number of patients each year. The average length of stay for medical-surgical patients is less than ever before, reflecting both the trend towards early ambulation, and a possible pressure for beds at the hospital.

It is interesting to note that the laboratory volume has doubled since 1958. However, this is consistent with national experience in the light of changes in medical practice and in technology, types of procedures, etc.

The report indicated that 20 percent of the annual admissions come from other areas in Michigan and from other states.

At the present time there are 3.0 beds per 1,000 resident population of the hospital service area. The report estimates 6.9 beds are needed, by 1970. These additional beds would provide 3.09 acute general care beds per 1,000 resident population.

By 1985 Hamilton Associates estimate of 79 beds needed will provide the area with 3.03 acute general beds per 1,000 population based on the estimated growth and the estimated rate of admissions per 1,000 population based on the estimated growth and the estimated rate of admissions per 1,000 population. Other factors which were taken into consideration in projecting the future utilization of facilities in the

Rites Read Monday For Esbern Olson

Final rites for Esbern J. Olson were conducted at the Sorenson Funeral Home at 1:30 on Monday, November 9, 1964, by the Rev. John W. Smith. Interment was in the Oakwood Mausoleum at Saginaw, under auspices of the Grayling Lodge 356, F. and A. M.

Serving as pallbearers were LeRoy Papendick, Clarence Papendick, John Failing, Otto Failing, Harold MacNeven, and Thomas Stanell.

Mr. Olson passed away at Mercy Hospital November 6, 1964, at the age of 74. He was born in Grayling to Mr. and Mrs. Nels Peter Olson March 13, 1890, and spent his lifetime here. He married Miss Laura Failing at the home of her parents, the John C. Failing, in Beaver Creek, on October 25, 1911. It was about 1913 that he started out in the shoe repair business, later adding a line of men's shoes, and from that beginning gradually building up the present quality business.

The store has changed several times in the intervening years, but the location has remained the same. His success was such that he and Mrs. Olson were able to spend their winters in Florida for around twenty years, until ill health precluded making the trip two years ago, and forced his retirement from the store. Part of the success story is the taking of their son Nels into the business, so that he worked with his parents and managed the store when they were away.

Esbern Olson was a member of the Presbyterian church, a member of the Grayling Lodge 356 F. and A. M., and a charter member of the Grayling Country Club.

He is survived by his widow, Laura, two sons, Nels Peter Olson, Grayling and Esbern J. Olson, Jr., Fostoria, Ohio, a sister, Mrs. Ruby MacNeven Grayling, and six grandchildren.

Here to attend the services from a distance were Mr. and Mrs. A. C. Olson of Union Lake, Mr. and Mrs. Richard Johnson of St. Clair Shores, Mrs. Alfred Olson, Detroit, Mrs. James Olson and granddaughter Evelyn of Clare, Mrs. Agnes Robinson, Houghton Lake, Mr. and Mrs. Esbern Olson, Jr., and daughters Sara-Jane and Jennifer Lee, of Fostoria, Miss Margaret Failing and W. J. P. Failing of West Branch.

Deer Season Opens Sunday

LANSING — Firearm deer hunters, expected to invade Michigan's fields and forests in record numbers approaching 525,000, should take home more than 130,000 white-tails this November to top their 1963 kill of 124,000 which stands as second best in the state's history, the Conservation Department predicts.

As always, the big "if" will be the weather. Given good conditions hunters will have everything going for them when they swing into action Nov. 14th in the western Upper Peninsular and Nov. 15th

throughout the rest of the state.

With any deer regulations more liberal and this year's herd estimated at or slightly above the high 1963 level of about 800,000 animals, the Conservation Department's pre-season outlook points to a fall take of 60,000-70,000 antlerless deer and well over 70,000 bucks.

Although most of the animals will be shot in Michigan's north woods, the southern third of the state will account for a fair share of the total kill.

Throughout the southern farm belt, where the increasing deer herd totals about 60,000 animals, buck kill is anticipated to go over the 8,000 mark, bettering last season's all-time high of about 6,800.

Buck hunters in the north country, who notched their highest kill in 12 years last season, are counted upon to do just as well this fall. Department game officials look for them to harvest 20,000 bucks in the Upper Peninsula and 50,000 in the northern Lower Peninsula.

Meanwhile, special seasons are hoped to produce an antlerless take of 15,400 deer in the Upper Peninsula and more than 49,000 in the northern Lower Peninsula. Last season, permit-holding hunters took 12,790 of these animals above the Straits and another 36,570 in the other northern region.

Prospects for this November's deer season, which again dovetails with the deer hunt, shape up about the same as a year ago as far as the animals' populations are concerned. Here, too, much will depend on the whims of the weather.

Junior Play Friday at 8 p. m.

John Patrick's celebrated comedy-drama, "The Curious Savage" will be presented at Grayling High School auditorium on Friday, November 13, at 8:00 p. m.

Linda Knibbs is "Florence", the young mother who can't forget the child that died at birth. The eccentric members of Mrs. Savage's family are Art Wakeley as "Senator Titus", Pam Smith as "Lilly Belle", and Mike Gardner as "Judge Samuel".

George Stanell, as "Dr. Emmett", the psychiatrist, and Jody Wyman, as the nurse, "Miss Willie", complete the members of the cast.

GAYLORD WINS CROWN

Vikings Lose To Boyne City In Grid Finale Friday, 25-0

In the final football games of the season in the Northern Class C Conference last Friday night, the Gaylord Blue Devils wrapped up the crown with a slim 14 to 13 victory over the Harbor Springs Rams who had led the league most of the season.

Charlevoix halted the Mancelona Ironmen 15 to 6. Pellston jolted the East Jordan Red Devils 27 to 0 and Grayling lost to the Boyne Ramblers 25 to 0.

Grayling took the kickoff Friday night and moved right up the field to the Boyne 30 but a penalty set them back and they eventually lost the ball to the Ramblers on downs. Boyne moved later to the Viking 7 yard with a first down and wound up with a fourth down and 12 yards to go. A tricky end around play at this point scored for Boyne and they led at the half 6 to 0.

The third frame was played even up without a score from either team. Grayling fumbled the ball on the Boyne 30 in the fourth period and the Ramblers took over and mounted a long march that took them into the Grayling end zone. They missed the extra point and led 12 to 0.

Grayling went into a spread formation at this point in an attempt to move the ball through the air. An alert Boyne defensive back picked off the Viking aerial and went 85 yards to tally another touchdown. They added the extra point and led 19 to 0.

Late in the game, Grayling gambled on a fourth down deep in their own territory and missed the first down. The Ramblers took over and drove in for their fourth and final tally.

The vote on the all conference selections was made on Monday of this week and at the conference meeting on Monday, November 16 will be revealed to the loop's coaches and athletic directors.

LETTERS TO THE EDITOR

Letters to the Editor
Crawford County Avalanche
Grayling, Michigan
Dear Sir:
I have been reading, with great interest and appreciation, the many Avalanche and Bay City Times articles regarding the additions and improvements being worked on at the Grayling Community Recreation Area. It gives us all a very warm and contented feeling to be able to sit back and say, "Look, how generous and thoughtful we are! We are providing the finest

recreation facilities available for our children and grandchildren!" Yes, Crawford County will have a fine, new place for our young people to PLAY — and this is good! But how often do we stop to consider that Crawford County does not have any place at all for our older people to LIVE? The aged and infirm, who are no longer able to fend for themselves, and must rely on the strength and ability of others for the every-day care they cannot provide for themselves deserve our attention, also. It must be pretty heart-breaking to these people, who, because their years are piling up, or are ill, must be uprooted from their homes and sent, not to a near-by medical or boarding facility (because there is none here), but instead must go many miles to some other county, where their friends and neighbors can see them only rarely — if at all! How wonderful it would be if some of the vigor and energy now being directed toward other projects could be turned to this problem. If we are providing playgrounds for our kids at the expense of our oldsters, or if we think only of our own enjoyment and ignore the crying needs of the aged — then we might begin to wonder what has happened to our sense of values!

St. Michael's Church in Roscommon was the setting for the nuptial mass uniting Leona Kay Baker and Roger F. Rasmussen in marriage on October 17, 1964. The Rev. Fr. John Hoogterp read the rites for the daughter of Mr. and Mrs. Edward Zettle, Deland, Florida, and the son of Mrs. Harold Rasmussen and the late Mr. Rasmussen of Grayling.

The bride wore a street-length sheath of pale sapphire organza with matching chiffon coat fashioned with mandarin collar, three-quarter sleeves with coachman cuffs, and full sunburst back. On her head was a bow of soft nylon tulle. Shoes of matching rayon moire completed her ensemble. She carried a single white orchid on a prayer book adorned with white satin bowknots.

The matron of honor, Mrs. Thomas McCutcheon of Warren, wore a street-length navy blue sheath of imported wool. With it she wore a royal blue cabbage rose with short veil. Her flowers were a bouquet of blue and white carnations.

Attending the groom was his brother, John Rasmussen. Guests were seated by Kenneth Chapp. Organ music was provided by Mrs. Charles Oppy of Roscommon.

Immediately following the ceremony a luncheon was served for the bridal party and families at the home of the bride's sister, Mrs. Frank Nellist, at Higgins Lake. An evening reception for approximately two hundred was held at the Grayling Bowhunter's Club.

Out-of-town guests were from Lansing, Flint, Warren, Standish, Pinconning, Clio, West Branch, Gaylord, Vanderbilt and Grayling.

The newlyweds are residing in Roscommon after a brief honeymoon in northern Michigan.

Take a no-obligation test drive in a 1965 Ford. Maybe you just couldn't believe the ad (reprinted above) which appeared in this paper a few weeks ago. After all, many consider Rolls-Royce to be one of the world's finest cars. But Ford does ride quieter. The world's leading acoustical experts (Bolt, Beranek and Newman, Inc.) made the tests. The U.S. Auto Club certified the results.

This year's Ford has the strongest body ever... a revolutionary new frame that "tunes out" vibrations... new ultra-soft coil-spring suspensions... all contributing to the new hushed ride. But the ride is only part of what's new.

■ New swept-back instrument panel adds five inches extra knee room. ■ Transmission tunnel is lower than in competing cars for extra foot room. ■ Trunk has more usable space than ever—holds four 2-suiters standing upright.

■ New ultra-luxurious LTD series—unmatched by any other car in Ford's class. ■ Silent-Flo ventilation (standard on 4-door hardtops) removes stale air, provides fresh air even with all windows closed. ■ Exclusive new twin-edge key—works with either side up.

■ Hot, but hushed, 289-cu. in. V-8 is standard equipment in XL and LTD models.

■ Smooth, thrifty all-new Big Six in other models—the most powerful standard Six offered by any car in Ford's class. ■ V-8 options to 425 hp.

■ All Ford automatic transmissions have 3 speeds, not 2 as in many competing cars. ■ Fully synchronized manual transmissions—you can even shift down to first without clashing gears.

If all this sounds like a lot for one car to offer... take a test drive. See why more people are buying Fords than ever before in post-war history.

Moose Lodge Activities

Saturday night at the club, was the lightest crowd we've had this year. In fact, this was the first Saturday night that we've even had a lot of. We expect large crowds the remainder of the month. This Saturday night is the opening of deer season, and Saturday, November 21st, is St. Jude's night.

Starting this past Saturday night, we have a new band playing at the club while the Northerners are taking a vacation, a much earned one at that. The new band will play the nights of November 14th and 28th. The Northerners will play November 21st, and then return in December.

Art Stephenson was the winner of the membership wheel, which was filled this past week.

We received our second membership quota this week. We were the first in the state to reach a first quota, which was only about a month ago.

This Sunday, we expect to enroll one of the largest groups that have ever been enrolled in this lodge in a long time. The enrollment ceremonies will start at 8:30, and will be done by our own degree team.

An Officer's meeting will be held at 8:15 Sunday November 15, just before the enrollment. All members are asked to attend also, and as many members as can make it.

We would like all members who get their deer to leave their names at the club, so that they can get on the lucky hunter list. This includes W.O.T.M.

Our next regular meeting to be held November 20th will be Social night.

Plans for card and pool tournaments are nearly finished, and plans for a rabbit hunt will probably be held some time in December.

We had hoped to have an Auto Safely Check before deer season, but plans have not been completed yet.

You've still got time to get in on the two dollar a week plan if you want to be eligible for the Lifetime Membership, but you must hurry. Only those who have a year's dues receipt will be eligible. You have until the last of January.

M.Y.O. NEWS

Our regular business meeting was held November 4 with 5 officers absent.

Our new members joined M.Y.O. last week. They were Larry Kniff and Ben Canfield. We would be very glad to have more attend. Our next recreation night is Nov. 11. Be sure to stop in. For some of you parents that hold something against our club, stop in and see what it is really like.

Our masquerade party held Oct. 28 was well attended and enjoyed by everyone. On behalf of M.Y.O. I would like to thank all the parents that helped in any way to make our party a success.

Our meetings are held in the basement of the Moose Hall on Peninsular Street.

PONY TALES

By JANET W. OLSON

Fall is a season that just can't be put into words. It feels different, smells different, sounds different and looks different than all of the other times of the year. The lovely color before the leaves fall, the wonderful smell as they are burned, hearing the flights of geese passing over the house to find peace for the night in the lake. The clear sky's and crisp mornings. Getting guns ready for the duck and bird seasons and bows ready for the first deer season and watching the ponies' coats grow thicker with every cold day. Yesterday we got our stalls ready for the cold nights ahead. First each stall was cleaned thoroughly. Three of our stalls have wood floors and the fourth is a clay floor. These floors were raked and swept clean and sprayed with an insecticide, the wood floors were sprinkled with lime and then swept again. The walls were swept clean of all cob webs, and how they do gather in the summer. Each board was checked for loose nails and rough spots. Light bulbs and wiring were checked. Fresh straw was put on all stall floors. It takes about half a bale to make a good fluffy bed, but when you are under your electric blanket on a cold night it's nice to know that your equine friends are snug and warm too. If you can get wheat straw instead of oat straw do so as your pony will usually not eat wheat straw but often will eat more oat straw than is good for him. If you are building a three sided shed for your pony try to have it face south as this way it will get more of the winter sun and less wind. Make it deep enough so that the pony can be protected. A pony needs to be able to go in and out at will. The cold won't bother him but drafts can make a pony very uncomfortable and even ill. Be sure to check your pony's feet to ready him for the winter. Has he been wormed? A pony must be free of parasites if it is going to be healthy during the winter ahead.

HINT FOR THE WEEK — When grooming a pony's mane always start at the bottom and work up. Work the tangles out with your fingers and never pull or break the hair.

Shown above with the head of the 1700 pound moose with a 51 inch spread he shot while on a hunting trip in Canada is Lloyd Berry, Jr., of Pontiac, son of Mrs. Lloyd Berry of Grayling. Just the head looks like quite an animal, but the whole animal had to be cut up and packed out of an area that had only foot transportation. It took four days to get all of the meat and equipment the six miles from the hunting area to civilization.

Veterans Day - 1964

Veterans Day — November 11 — is a day which should be of great significance to the citizens of Crawford County and to all Americans. This is a day, set aside by a grateful nation, to honor the men and women who have met the greatest obligation of their American citizenship — honorable service in the armed forces of their country in time of war.

Millions of America's sons & daughters have valiantly served their country in time of war, demonstrating the capability and willingness of our ordinary, private citizens to make any sacrifice necessary for the cause of freedom.

Upon their return to civilian life, America's veterans have demonstrated an exemplary stability and responsibility in our society — as compared with the unrest experienced among veterans in other lands — reflecting their respect for the precious heritage they have helped to preserve.

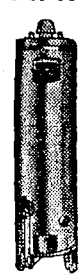

Their example should give confidence to all Americans. It proves our nation's capability of meeting the challenges of both today and tomorrow. When the survival of this nation and its ideals is at stake, Americans must continue to show the same courage, loyalty, and sacrifice on the pace already set by our veterans.

This is a day for each of us to not only reassert our pride in being an American and our will to maintain this country's military, economic, and spiritual strength, but also dedicate our endeavors toward world peace with honor.

America's veterans know full well the horrible price of war and also the value of an honorable peace. It is indeed appropriate that the Congress, in setting aside November 11th as Veterans Day, should ask that the day be used to honor the veterans of all wars and to express our nation's dedication to peace with honor.

This occasion deserves the participation of every man, woman and child in Crawford County, if the nationwide observance is to transmit the message of Veterans Day to the entire world.

Arrangements are completed for the Red Cross membership drive. Districts have been assigned to a corps of workers who will make a house to house canvass. \$750 is the quota for Crawford County.

A delegation of officials of East Michigan Winter Sports Council and other interested persons came to Grayling Tuesday afternoon to wait upon the officers and directors of Grayling Winter Sports, Inc., with the idea of asking this city to be the site of the 1943-44 winter sports season.

Represented on the delegation were Council President Moulthrop, financial chairman Richard H. Fletcher, Jr., of Bay City, Leo Babcock of West Branch, Bert Stowell of East Tawas and Dr. F. J. O'Donnell of Alpena. President C. J. McNamara and several other local association members met the visiting committee. When the Council was organized last year the Grayling association had its budget and advertising plans made and the officers did not feel that more money should be spent by the Association for promotion work. A large sum for advertising folders for this coming season and also for new and added equipment for the park has already been spent. However, those present pledged the sum of \$100 to the Council and will work with them in every way possible.

At 11 o'clock the cannon roared commemorating Armistice Day 23 years ago, when the war ended. Lunch was served buffet style, and before the crowd went to the dining room they sang "God Bless America."

46 YEARS AGO

November 14, 1918

The first news of the signing of the armistice was received at 4:30 a. m. Monday, November 11 at the Western Union Telegraph office and immediately Night Operator William Miller announced the fact to Marshal M. Brenner who happened to be at the depot. The latter called up every mill in town and requested that the mill engineer blow the whistle at 5 o'clock. Next the pastors were asked to ring the church bells. After this was over Mr. Brenner called up a few prominent citizens and informed them of the news. That afternoon was declared a holiday. As the crowds began to appear on the streets the flags began to appear and soon the town was ablaze with Old Glory. The Grayling Citizens' band played a concert. At the playing of the national anthem every head in that vast assembly was bared, and everyone stood at attention. The evening was turned over to hilarity and everybody was out for a good time. The band played, and Main street was ablaze with red and colored lights and bonfires. As the band played boys and girls frolicked in the streets. There were firing of revolvers and Roman candles and tooting and back-firing of autos. The band, followed by a long procession, went to Mercy Hospital

In Michigan...
after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your case in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasant reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Michigan...beer goes with fun, with relaxation

and played for the benefit of those confined with illness.

Mrs. Oliver Cody left Tuesday night for a few days visit with friends in Bay City.

The first snow storm that was sufficient to whiten the ground appeared Wednesday afternoon. It didn't remain long. A year ago we were having real winter weather and plenty of snow.

Many people of this vicinity have an opinion that the season for killing deer in Crawford County is not closed, due to the fact that closing of the season was not advertised thirty days prior to the time that the season would open. The Avalanche in its issues of October 3 and 10 published a notice sent to the game wardens about the state saying that the deer season would be

closed in certain counties among which was Crawford County. Several from this vicinity were inclined to hunt and a party of Lansing hunters arrived Saturday to hunt in Crawford County. These acts led to an investigation and in conclusion we publish an official message from the State Game department which is as follows: Notice closing deer season published by you October third sufficient. Signed John Baird, Commr.

FREEDOM'S DISCOVERY

There is joy in giving to God. That is freedom's ultimate discovery. And the hundreds of thousands of churches which we have built and supported bear testimony to the fact.

But when there are nations who despise God... who tear down churches... or forbid their support, how shall we teach this Christian joy to the boys and girls who will be our nation—tomorrow?

Karen and Paul are placing Sunday School "envelopes" at the foot of the children's altar.

Of course, what Karen and Paul and their classmates can give will hardly pay for an altar. But our world of tomorrow cannot be built on Kremlin economics.

A mighty generation must learn to worship in prayer and faith and sacrifice. There is joy in giving to God!

Our children learn this chiefly from our example and encouragement.

Crawford County Red Cross Blood Program Fact Sheet

Q. What is it?

A. The Red Cross Blood Program is planned to meet the total or supplementary blood requirements of hospitals and physicians within the jurisdiction of Red Cross Chapters which establish and operate Blood Programs.

Q. Who may receive blood?

A. Any person who is a patient in a Crawford County hospital that requires blood or its derivatives. Further, any Crawford County resident who may need blood or its derivatives anywhere in the United States or Canada is entitled to Red Cross Blood. Simply notify your local Red Cross Blood Program Chairman when blood is received out of the jurisdiction of the Crawford County Chapter of the American Red Cross.

Q. Is there a charge for Red Cross blood?

A. There is absolutely no charge for the blood itself. The only fee is the hospital charge for supplies, tests, and technical services involved.

New County Agent Reviews Extension Work

After the first week on the job as your new county agent, I believe this is a good time to review and bring up to date the history and objectives of the Cooperative Extension Service.

The Cooperative Extension Service is celebrating its 50th year of service to Michigan residents in 1964.

Throughout the early history of Michigan, individual development and self-directed projects were the backbone of the farmer. The will to work and learn was present, but practical know-how was lacking. Early recognition of the need for practical agricultural information came about in 1849 by legislative action.

As the demand and need for Extension Service increased various actions were taken by the Michigan Legislature.

In 1914, the Smith-Lever Act was passed by the Federal Congress establishing the Cooperative Extension Service. The act gives the purpose of the Cooperative Extension Service in their words, "To aid in diffusing among the people of the United States, useful and practical information on subjects relating to agriculture and home economics, and to encourage the use of the same." The act also set up the pattern for financial cooperation by Federal, State and local levels of government in supporting this program.

The basic objective of the Cooperative Extension Service is to "help people to help themselves." This objective is pursued by educational programs that assist people in increasing their ability to maintain more efficient homes and farms; attain the abilities to acquire higher incomes and levels of living; encourage increased competence and willingness, by both adults and youths, to assume community leadership and citizenship responsibilities.

This is a big goal for any one organization or individual and to approach this goal requires the sincere cooperation of all the people and organizations in our area. Your Cooperative Extension Service is here to assist in advancing toward these goals.

As the new Cooperative Extension Director, I invite the citizens of Oscoda and Crawford Counties to take up the challenge and work toward making our counties better communities in which to work and live.

ved in giving the transfusion. This fee is usually covered by your insurance.

Q. Who can give blood?

A. Anyone in good health between the ages of 18 and 60 (through 59). If not married and under 21 must have written consent of parents.

Q. What are some of the restrictions?

A. Never during pregnancy and not until one year after baby is born.

A waiting period of up to 6 months after surgery.

Malaria — If no recurrence or medication for 2 years, OK to give.

Jaundice — Sorry, cannot give.

Q. How is program financed?

A. The Red Cross Blood Program is founded on the basic principle that blood donated to the Red Cross be given without charge to physicians for use in treating their patients. This community project is jointly financed by the Red Cross Chapter and the participating hospitals. The costs involved cover the supplies, equipment, and personnel to collect, process and distribute the blood. As there is NO CHARGE for the product itself to the patient, the entire program will be determined by the VOLUNTEER response of the American people with their blood and money.

Mrs. Neil Staebler Guest Of Luncheon
Mrs. Neil Staebler was guest of honor and speaker at a luncheon given at the Hotel Shoppenagons on Thursday Oct. 29th. There were 60 local people present. Mrs. Staebler is a very educated and interesting woman and spoke mostly on the projects which her husband, Neil Staebler, gubernatorial candidate, has worked on and is especially interested in.

Following the luncheon, she was taken to the AuSable Souvenir Works at Frederic, where Albert Madill and Eugene Kaiser, were her guides on a tour of the plant.

Quite a few Frederic people not employed at the factory also came to meet her. She was then taken to the Bear Archery Company, where Bob Smock was her guide on a tour. Mrs. Staebler found both factories very interesting and the people very friendly.

She had to leave at 2:30 to get to a dedication at Shanty Creek. Mrs. Staebler was very much impressed with our city and the wonderful welcome the local people gave her.

PLAGENS - WAKELEY VOWS EXCHANGED

Miss Sharon Louise Plagens, daughter of Mr. and Mrs. Arno Plagens of Star Route, Grayling, and Mr. James Roddy Wakeley, son of Mr. and Mrs. Barton Wakeley of Grayling, exchanged wedding vows at Mt. Hope Lutheran church. The ceremony was performed at 7:30 Saturday evening, October 24, 1964, by the Rev. Donald Beyer. Music was by Debra Schwartz of Kalkaska. Vases of white gladioli and chrysanthemums graced the altar.

Given in marriage by her brother, Donald Plagens, the bride was attired in a floor-length dress made entirely of lace, with fitted bodice styled with scalloped neckline and long sleeves, and sheath skirt with detachable chapel train of appliqued lace. A nylon rose held her bouffant shoulder-length veil of pure silk imported English illusion. Her bridal bouquet was white roses with ivy.

Attending the bride were Mrs. Terry Wakeley, matron of honor, and Miss Bonnie Pratt, bridesmaid. They wore identical floor-length gowns of ice blue taffeta with aqua trains. Their headresses were circle veils and they carried cascade bouquets of yellow carnations.

Terry Wakeley attended his brother as best man. Donald Plagens, brother of the bride, was groomsmen, and ushers were Ronald Larson and Ralph Helsel.

Mrs. Plagens wore an aqua brocade dress with white and brown accessories for her daughter's wedding. Mrs. Wakeley chose a blue crepe dress with matching accessories. Both mothers wore corsages of yellow carnations. Grandmother of the bride, Mrs. Herman Bady, wore a blue crepe dress with blue accessories and a white carnation corsage.

A reception at the American Legion hall followed the ceremony. The room was decorated with blue and white crepepaper and wedding bells. Centering the bride's table was a four-tiered wedding cake surrounded with the bouquets of the bride and her attendants. Assisting at the reception were Margaret Madill, Noreen Canfield, Diane Blanchard, Marjorie Merrick and Carolyn Galloway, who poured the coffee, served the punch, and assisted with the gifts.

The newlyweds are making their home at 808 Park Street in Grayling. Mrs. Wakeley graduated from Frederic High school in June, and her husband attended Grayling High.

Looking for a glaze when roasting spareribs? Try apricot jam mixed with orange juice and a dash of ground ginger. Since this is sweet and tends to brown easily, place on the ribs only about 20 minutes before they're finished baking.

Sweet potatoes can be baked just like white potatoes. Serve with butter, salt and pepper, in the foil jackets in which they've been baked.

Zucchini and yellow squashes can both be cut in chunks to serve together after boiling. If desired, add some onion and pimiento for color and flavor.

When your menu plans call for fish, why not skewer some shrimp and scallops, brush with melted butter to which dill weed has been added and broil these for supper?

Helen's Favorite:
Corn Oysters
(Makes 24)
2 cup canned, cream-style corn
3/4 cup sifted flour
1/4 teaspoon salt
1 teaspoon baking powder
2 eggs, slightly beaten
Fat for frying
Mix and soft dry ingredients. Add eggs and corn. Heat fat in a large heavy skillet for 3 minutes. Drop corn mixture by teaspoons into hot fat and fry until golden brown on both sides. Serve hot as a meat accompaniment.

LUTHERAN WOMEN'S MISSIONARY LEAGUE

The Lutheran Women's Missionary League met at Mt. Hope Lutheran Church November 3. A short skit entitled "Operation Church League" was presented by Mrs. Fred Blaauw, Mrs. Gerald Burns and Mrs. Bruce Billiter. "The poor Sickly Soul," representing church organizations, was portrayed by Mrs. Jerry Korhonen. This skit was to present the aim, program and achievement of the church organizations and to outline methods for improving its effectiveness. The Missionary League of Mt. Hope has adopted as its mission projects the Lutheran Children's Home in Bay City, Layettes for

BITS O' TALK

Col. and Mrs. Tom Welmers are leaving for Florida shortly to spend the winter months.

Mr. and Mrs. William Christenson and Mr. and Mrs. Frank Serven called on the formers' one-time landlady, Mrs. Ann Patrick, in Mackinaw City Thursday, and visited other friends. On Sunday the two couples visited the South Branch Ranch and saw the big arena that is being built there, for training purposes. They went on to call on other friends in Roscommon.

Mrs. J. L. Martin entered Mercy Hospital Saturday for observation.

Lake, and Houghton Lake area. The proposed plan of development as suggested by the study includes:

1. Concept for the future. Physical expansion to achieve 25 long-term care beds, 18 general acute beds, and to correct, where possible, the existing space deficiencies throughout the hospital. Construction should be planned so that the long-range bed need can be met in a logical and well-integrated manner.
 2. Proposed Immediate Plan. A proposed wing to the east would initially comprise a ground and first floor. It would be structurally designed to accommodate two additional floors of vertical expansion.
- The present convent area be re-modeled to achieve 18 medical-surgical beds.
- An addition to the south of the present laboratory is proposed to house expanded laboratory facilities, a physical therapy department, dietary expansion, and a covered ambulance entrance. Modest additional internal renovation will be necessary for administrative elements of admitting, PBX, and business office.

Sister Mary Janice, R. S. M., Hospital Administrator, stressed the importance of thoughtful scrutiny of the report and recommendations. Additional consultation has been sought to clarify some recommendations of the report. At present, future plans are being phased for feasibility and practicality of operation and completion. Announcements will be made as plans are formalized.
